Hello Mindy:

On behalf of Murphy's Bowl LLC, I am submitting herewith the attached documents as required by the IBEC EIR Mitigation Monitoring & Reporting Program.

- MMRP Compliance Sheet for 3.11-2(a).

Please ask the ECD – Building Safety Division to review this document, and if there are no comments, please return one signed copy of the compliance sheet for my files.

If you have any questions or comments regarding this document, you may contact me by phone at (415) 298-3230 or email at cholmquist@wilsonmeany.com.

Very truly yours,

Chris Holmquist

Wilson Meany

6701 Center Drive, Suite 950

Mobile: (415) 298-3230

**INGLEWOOD BASKETBALL & ENTERTAINMENT CENTER
EIR MMRP COMPLIANCE**

PROJECT: IBEC

LOCATION: ARENA & PLAZA AREA, WEST PARKING GARAGE AREA, EAST PARKING GARAGE AREA, WELL SITE AREA.

MMRP No.: 3.11-2(a)

MONITORING PARTY: ECD-Planning Division

IMPLEMENTATION SCHEDULE / TIME: Operations Noise Reduction Plan required prior to first building permit.

SUMMARY OF REQUIRED ACTION: Acoustical consultant retained by Project Applicant is subject to review and approval by ECD-Building Safety Division to confirm that designee has requisite expertise to prepare an Operations Noise Reduction Plan.

MONITORING / REPORTING ACTION:

1. Applicant proposes Acoustical Consultant WJHW to prepare the Operations Noise Reduction Plan required by this mitigation measure. Applicant submits the attached qualifications package to the ECD-Building Safety Division for review to confirm they have the requisite expertise.
2. The signature below of the ECD-Building Safety Division represents their confirmation that WJHW has the requisite expertise to prepare the required Operations Noise Reduction Plan.

Owner's Representation

Wrightson, Johnson, Haddon & Williams, Inc. (WJHW) is a 50+ person firm offering state-of-the-art design services and consulting in acoustics, sound reinforcement and noise control. Our strengths lie in the combined talents of principals and employees, our diverse technical and business skills, and experience accrued over the years from hundreds of successfully completed projects.

The ability to probe for the real needs of the client, extract this information, recommend and produce an imaginative, yet practical design is the foundation of what we do. We are more than just designers and technicians – we are problem solvers. Throughout our 30 years in business, WJHW has developed a detailed understanding of unique acoustical and technical systems associated with a wide variety of project types. Our services are tailored to the needs of the client. As such, we specialize in applying technology to the environment while developing design recommendations that produce results.

Our sincere client interest, ability to listen, orientation toward technical excellence, on-time delivery, adherence to cost control, and dedication to team communication make WJHW a valuable consulting resource to the design community. Our design philosophy is to develop effective solutions and recommendations based on proven concepts, while providing innovative, resourceful and creative design solutions.

WJHW has provided acoustics services on a diverse range of project types such as professional arenas, professional football, baseball and soccer stadiums, indoor training facilities, hockey and ice arenas, collegiate athletic facilities, corporate, municipal facilities, convention centers and the full genre of entertainment spaces/venues. It is our understanding of facility function and its users, coupled with our ability to apply this experience to meeting the needs and goals of the client that is the cornerstone of our success.
