Hi Josh,

Below are links to the IBEC EIR files that need to be posted online before 7am on Friday, December 27. They should go "live" at 7am on Friday. I have prepared the attached website text file to hopefully streamline things for you, somewhat. In it, new text is in black, existing text to remain is in red. You'll see I also made one small edit to a word in the intro sentence that's on the website.

In addition, attached are Notices of Availability in English and Spanish, they are listed in the website text as well.

Please let me and Addie know if you have any issues downloading the files. Thanks very much and Happy Holidays!

Respectfully,

Subject: IBEC Draft EIR Web Files

Hello,

At the links below, please find the Draft EIR in its entirety. One link contains the individual DEIR files and the other contains the appendices files. Please let us know as soon as possible whether there are any issues accessing and uploading these to the City's website. They will need to be available for public review at **7:00 AM on Friday, December 27, 2019**. The NOA will also need to be posted on the website, and that is attached. We removed some white space from the prior version, so please use this version.
