Thanks! Also, it looks like it might have to be the 10am start time, or at earliest, 930 am. It appears our conference center is busy with activity in the new year.

Friday looks like it will work...would 10am be ok with you or do you an afternoon appointment?

Also, it would help for us to know how many people are attending so that we can get the best sized room possible.

Thanks!
Celia

Importance: High

Good morning Lisa & Happy New Year!

Unfortunately, Friday is our board meeting, so it's a bit difficult to get conference reserved on that day. Can you get me some dates/times for next week when you have availability? Also, can you let me know how many people would be attending in person so I can start looking into reserving a meeting space?

Thank you!
Celia

Great. When would it be possible to set up a meeting to discuss? We would really love to meet – would it be possible to meet on Friday the 10th or next week?

Hi Lisa,

Hope you are doing well, and Happy Near Year!

I want to let you know that we just requested an electronic copy of the air quality modeling files and emission calculations from the City of Inglewood for the project. If possible, please let us know when the requested data will be available. This will help us plan our workflow.

Thank you,
Lijin Sun, J.D.

Subject: Technical Data Request: Inglewood Basketball and Entertainment Center Project

Dear Ms. Wilcox,

South Coast AQMD staff is in the process of reviewing the Draft Environmental Impact Report (Draft EIR) for the Proposed Inglewood Basketball and Entertainment Center Project (South Coast AQMD Control Number: LAC191227-10). The public commenting period is from 12/27/19 – 02/10/20.

Upon review of the files available on the Proposed Project's website as a part of the public review period, I was able to access Appendix D: Air Quality, which includes PDF versions of the CalEEMod, AERMOD, Health Risk Assessment, CMAQ and BenMAP-CE output files for the Proposed Project. Please provide an electronic copy of the live modeling files that were used to generate these output files (e.g., live input files), and any additional emission calculation spreadsheets used to quantify the air quality impacts, including health risk, from construction and/or operation of the Proposed Project.

You may burn the data onto a CD and send it to South Coast AQMD Attn: CEQA-Intergovernmental Review, to the address in my signature below. Or, you may send the above-mentioned documents via a Dropbox link in which they may be accessed and downloaded by South Coast AQMD staff **no later than January 9th, 2020**. For downloading purposes, please add Ms. Celia Diamond, at cdiamond@aqmd.gov, as our contact to access the Dropbox link.

Without all files and supporting documentation, South Coast AQMD staff will be unable to complete a review of the air quality analyses in a timely manner. Any delays in providing all supporting documentation will require additional time for review beyond the end of the comment period.

Thank you,

Alina Mullins
