Subject: Re: CITY OF INGLEWOOD - Clippers Owner, Steve Ballmer, installing over 1,330+ EV chargers - Activity ID: 103000057

Hi Christian. I spoke with our staff and I think it would be best to schedule an in person meeting here in 2 to 3 weeks. Can you send me a few proposed dates so I can schedule. Thanks.

Good morning Harry,

I appreciate your time on the phone this morning. As discussed, the points below were brought to my attention and I want to ensure the City of Inglewood and SCE are coordinating to meet electric infrastructure needs and timelines.

*Steve Ballmer, owners of the Clippers who is building the arena in Inglewood also announced this week that he is committed to the following as an agreement with CARB:

- 1) <!--[if !supportLists]--><!--[endif]-->Installing 330 EV chargers in/within the Clippers Arena
- 2) <!--[if !supportLists]--><!--[endif]-->Installing 1,000+ public EV chargers throughout the City of Inglewood
- 3) <!--[if !supportLists]--><!--[endif]-->Two full size EV buses for the City of Inglewood
- 4) <!--[if !supportLists]--><!--[endif]-->Adding 10 EVs to City's muni fleet
- 5) <!--[if !supportLists]--><!--[endif]-->Planting of 1,000 trees

These chargers do not include those that are being installed by other private residential developers. It is estimated that Inglewood will get 3,000+ new housing units within the next 18 months to 2 years.

You mentioned you would connect Louis Atwell, Peter, you and I so we can schedule some time to discuss these plans.

Thank you.
