No, I will edit the info for the CIG. Just send over what you have and I'll make it work. Thanks again.

Yes, my mistake, the request if for info for the Clippers Arena is what I meant to say. Blame it on Monday morning ☺. Thank you.

Hello Angela,

To confirm, the presentation was about the Clippers Arena project not SoFi Stadium. Did you still want information for Clippers Arena project?

Thank you,
Gloria

Subject: FW: Sofi Stadium's - Environmental Stats and Benefits

Hi Gloria,

This past Saturday, January 11, 2020, Mr. Gerard McCallum gave a presentation at the Commissioner's Appreciation Breakfast event held at the Inglewood Senior. The presentation highlighted the environmental benefits of Sofi stadium. Electric charging stations, solar panels, metro line access, etc. I would like to put this information in the City's upcoming edition of the "Inglewood Community information Guide" (CIG). The CIG is mailed to over 10,000 residents and it provides updates on City programs, events and happenings throughout the City. My request is that Mr. McCallum authorize the City's use of the information and with that, provide the information in an electronic format to use for this purpose. If so, the City would like the information by no later than Friday, January 17, 2020.

Please let me know if this request can be granted.

Thanks so much.
