Good morning Angela,

Thank you for providing us with this article. We are in the process putting together the spring edition of Inside Solid Waste, would you be able to fact check or update this article so that it is current for the newsletter? For example, we noticed there might have been a typo in the construction/competition dates, also for the 6th check mark could \$1 Billion be substituted for \$1,000 million?

Thank you,

Jeffrey Zhu

CAUTION: External Email. Proceed Responsibly.

Good morning,

In response to your inquiry/request, the City of Inglewood submits the attached article. This article shares details of the Inglewood Clippers Arena project and the positive impact the Clippers Arena will have on the City and the community at large. We would like to share this new information how the Arena will address recycling, waste reduction issues, and how it will impact the entire County of Los Angeles. Thank you for allowing the submission to The Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force spring edition of Inside Solid Waste.
