Mindy,

Here are the lists we used.

IBEC Noticing – 500 ft Radius Address List. We sent to all of the addresses in the Property Owner columns (see columns J-P) and the property addresses that are not owner-occupied (see columns B-H, highlighted).
Public Hearing Notification List_FINAL. This list includes people we had previously noticed about the project, people who asked to be added to the mailing list, and properties on the Project Site.

Please let me know if you have any questions.

Thanks,
Christina

Hi Christina,

Can you please send over the notification list you have utilized for the mail-out. Within that list, before sending over could you identify or perhaps create a separate sheet with the list of DEIR commenters and their contact info? Thanks.

Respectfully,
