Harry,

My apologies in advance for any confusion this has caused. The version sent at about 10pm last night was missing section 7.9 concerning the Property Tax Reassessment. Here is the revised current version of the Development Agreement between Inglewood and Murphy's Bowl with that section. As it is sent concurrently to Inglewood for their continued review and consideration, we reserve Inglewood's right to amend, change, modify, or fully rescind the attached.

Sincerely,
