Hello All -

As promised, I took care of the physical posting (see attached pictures) of the 7-221-2020 agenda, and worked with ITC last night to ensure the verbiage for the agenda posting was correct and to the satisfaction of outside counsel.

I will also be responsible for ensuring that the Mayor and Council have a special script for the Public Hearing to ensure that all actions are done properly; and lastly, as I discussed, a staff report has to be drafted for the adoption of the 4 ordinances that will be INTRODUCED on the 21st.

Please allow me to draft the staff report for the adoption of the Ordinances, and I will ensure that you all receive a draft to be approved. Also, to ensure that nothing gets lost in translation, and we don't repeat yesterday, can I please be included in any conversations(for that item only) to provide any input and bring forth any other things to consider so we can tackle them together?

Let me know what you all think. If there is something else needed, please let me know. As of now, I have satisfied my end of the "TO DO" list, and the timing (Internet and physical posting) was done before the 72 hour deadline mandated by the Brown Act.

You guys have a great weekend!

Kema
