Hi team,

Hope you all had a wonderful holiday and are rested. I am looking forward to seeing you all today at our meeting with SCAG at 2 and then going on the tour. Please see the attached presentation that will be shared with SCAG and please let me know if you have any questions or requested changes.

Please see final presentation for tomorrow, and understand that it is possible that Hasan may not be able to join which is a bummer. But, it will still be good for us. As far as logistics, is there anything we need to worry about? Do we have a van, and who is actually driving us?

Chris - not sure if you were able to generate a one-page talking points for Mayor Butts, but can you please forward if you have. If not, I can create one but don't want to duplicate efforts.

Thanks,
Lisa

I think we should bring all the info that you have collected to the meeting on the 29th.

Lisa- should I be sharing all the utility information that we're collecting with Desiree now ? Or should I wait until the 29th to share this data ?

Talked with Srinath and we definitely want to do the meeting on the 29th because he needs Pacifica help. That was why I reached out to Desiree.

Thank you . Will work with Perla to help complete.

Another thing, I saw an email from Desiree where she wants to have a team Mtg on the 29th to discuss utilities / engineering with Michelle . Desi also asked if we would send her preliminary utility files so Michelle can start reviewing. How do you want to proceed?

From my understanding , Srinath is creating basemap with utilities included and then Sanjeev going to review as part of Phase 1 work to identify any major concerns. Phase 2 work would then begin when Sanjeev will need assistance to assess the utility impacts in detail. Maybe this is where Michelle comes in to help?

Hi Perla and Omar-

Can't sleep and making project lists for our team. Lets talk about the following:

1. Inglewood

- mobility plan update: need to draft a letter to therese about scope change. Work w marie at metro to see what she needs cover letter to say
- pacifica scopes - need to get NTP for chris roberts/norm bc they have no NTP and working of random contract for metro, not pacifica. Chris needs to submit her scope
- budget- we only have 200k authorized, and need to work w louis to get lots more - like 1.5M. He needs to do a contract amendment at city council maybe to extend dollar amount and then he has to reprogram his local return dollars. We need to engage Desiree on this stuff.
- scag presentation for the 27th, map w related projects list, tour details, etc.

2. Metro / lawa liaison

3. Sepulveda pass work
