Fred – Could you please make sure that a tv screen, computer hook-up, and speaker phone are available in the community room for Monday's Clippers meeting? The applicant team intends to have their architectural team on the phone and present information via a Web-Ex. I would anticipate that Chris Holmquist or Gerard McCallum would bring the log-in information for the Web-Ex.

Lisa – I'm anticipating that your team will bring printed copies of the meeting agenda and the revised site plan, and will provide lunch for the team.

Please let me know if you have questions or need other support from ESA.

Thanks,  
Christina
