Subject: RE: IBEC: Crane Plan

Hi Dennis,

Thank you, this information is helpful and I'll circulate it to our team. An updated version of this graphic would be helpful and we'd be happy to include it in the EIR.

Thanks,
Christina

Subject: IBEC: Crane Plan

Good morning, Christina,

I am attaching a crane plan for the IBEC project that shows the approximate locations and heights of the cranes anticipated to be used during construction. Note that this plan was prepared using an old version of the site plan graphic; is this a graphic that would be necessary to include in the EIR/should we have this updated to use our universal base site plan graphic?

I'm also working on getting an update to the construction assumptions spreadsheet list (which includes grading quantities and haul trips) and should have that shortly.

Thanks,
Dennis
