Subject: RE: Murphy's Bowl: Request for City of Inglewood Letter - for Counts at the Forum (ref. 3002)

One more question on this, Peter.

Is there a designated passenger loading zone for Uber/Lyft/taxi drivers in the Forum parking lot or, perhaps, on an adjacent street?

All intersections listed will have Traffic Control Officers. There will at least 2 at each intersections

Thanks for your note, Peter. This is very helpful.

The first part of your message is clear: the Forum will use four of their five gates for vehicular access - only the Manchester gate will remain closed.

Is it correct that the two intersections named will have Traffic Control Officers there?

This weekend is JT sell out. They'll use Prairie (VIP), Pincay (VIP), Kareem both gates, Prairie/Arbor Vitae, and Pincay/Kareem.

Manchester gate is not used.

Thanks Mindy!

Do you or Peter know if all five gates at the Forum are normally in use on event days?

It's best to give a phone number that would be answered during the time of the counts, since that's when the counters may be challenged. Since the Police Department will be aware that the counts are going on, perhaps you could give the number for the Police Department's front desk, since that would always be staffed. We've sent this letter on to the count company. If you want to make any changes to it, we'll forward that as well.

Hi Netai,

Here is the letter. I included my work email address in addition to the office number. I'm working on finding someone who will be available by phone at that time. I would be available but I don't have a work cell number I can put on the letter.

Respectfully,

Mindy Wilcox, AICP : Planning Manager : City of Inglewood
Economic and Community Development Department
Planning Division : One Manchester Boulevard : Inglewood, CA 90301

Subject: Murphy's Bowl: Request for City of Inglewood Letter - for Counts at the Forum (ref. 3002)

Mindy, Peter –

Do you know if the Forum normally uses all five driveways, or only the three with large white arches over them? We're getting ready for observations this Saturday and want to have the appropriate number of technicians there. For these counts we're using NDS, a data collection firm we often use for traffic counts.

Below in italics is the content of a letter we've drafted for the City to put onto its letterhead. We plan to give this to NDS' technicians. We put down your work number, Mindy, but considering the counts are taking place Saturday evening, you may want to include a different number or someone else who will be working at that time. Please notify any police and Traffic Control Officers who'll be working the event, so they are aware this data collection is taking place. Please prepare this letter and return it to us by email by the end of the day tomorrow (Thursday) so we can get it to the count company for their use.

To Whom It May Concern:

The holder of this letter is collecting data to aid in transportation planning on behalf of the City of Inglewood. She/he is conducting vehicle counts and/or observing average vehicle occupancy for arriving cars at the Forum between 5:00 and 9:00 PM on Saturday, April 28, 2018.

If you have any questions, please contact me at 310-412-5230. Thank you.

Sincerely,

Mindy Wilcox, Planning Manager
