Hello Netai,

You are welcome. We have minor improvement for Hawthorne at 120<sup>th</sup> St. and Hawthorne at Imperial for adding a bike lane and to reprogram the video detection. Our improvement project does not add lane capacity for the vehicle nor changing the existing signal phasing.

Thanks Alan.

We'll be in touch with any questions or comments as we work with this information.

I assume that there are no currently planned and funded improvements at these locations.

Hello Netai,

Per your request, attached are the signal timing for intersections that we have on file. Some of the intersections you listed below are maintained by Caltrans and some by Inglewood.

Thanks,  
Alan

Good morning, Alan.

It's been over 2 weeks since we last coordinated on this so it seems reasonable to check in now.

Can you tell us when to expect the information you've been gathering? It'd ideal if we were to get it this week. Thanks!
