Lisa,

Just a thought: In addition to 'how many parking stalls,' also ask:

"how many parking spaces would you make available for special events" (i.e All, None, 'X' Amount)

**Subject:** SurveyMonkey for private parking owners

Hi guys,

Please review the draft SurveyMonkey created for the private parking lots/garages etc. for IBEC:

<https://www.surveymonkey.com/r/YGNCT9D>. This was requested by the IBEC team to help substantiate assumptions that we need for off-site parking. We can also use this for TMOP, and going to send this to Bob Brooks for feedback. Not sure exactly what we will do with this for the TMOP, but before we put out into the world we are checking with Bob. Please send your thoughts and reaction.

Also, Charlotte reached out to Elsa to see if she has contact information database for parking in the City – Elsa has not had the chance yet to respond but we are following up. We also reached out to Mario to get a list and even reached out to the County to see if they could provide email and/or phone numbers of property owners, waiting for a response. For now, we are pulling together to the best of our ability on the internet to find emails for the property owners.

Please let me know if you have any questions or suggestions.

Thanks!

Charlotte

**Subject:** SurveyMonkey for private parking owners

Lisa,

Please review the draft SurveyMonkey created for the private parking lots/garages etc. for IBEC:

<https://www.surveymonkey.com/r/YGNCT9D>

I reached out to Elsa to see if she has contact information database for parking in the City - she has not responded. Sent Mario Inga an email today to see if he has something similar. I have also reached out to the County to see if they could provide email and/or phone numbers of property owners, waiting for a response.

For now, Mari and I are researching to the best of our ability on the internet to find emails for the property owners.

Please let me know if you have any questions or suggestions.

Thanks!

Charlotte
