Netai,

Please see the attached plan (104th St Et Al) showing the locations of our pavement preservation/resurfacing/rehabilitation/reconstruction projects in the area. They are expected to be completed sometime in Fiscal Year 2021-2022.

We also have the following project, which is expected to be completed in 2020.

- RDC0016230, Hawthorne/Lennox Green Line Station Community Linkages - Pedestrian and bicycle facility improvements, wayfinding, and landscaping on major corridors near the Hawthorne/Lennox Station Metro Green Line Station.

If you have any questions feel free to contact me.

If you need any more information please let me know.

Good morning, Kent.

It's been over 2 weeks since we last coordinated on the timing plans and baseline improvements your group has been collecting so it seems reasonable to check in now.

Can you tell us when to expect the information you've been gathering? It'd ideal if we were to get it this week. Thanks!

Kent –

Thank you for meeting with us last week at the City of Inglewood for an initial traffic coordination meeting. You asked us to submit any information requests directly to you.

For each intersection listed below that is controlled by the County of Los Angeles we ask for:

- Signal timing plans and timing schedules
- Planned and funded improvements/changes to these intersections, if any, whether planned as County-initiated improvements or as mitigation for other development projects

In addition we ask for:

- List and description of a transportation-related projects in Lennox in the County's current CIP, if any
- Information on the County's ITS Program in the Lennox area – description of current system, extent of current system, extent of any planned improvements/expansion by 2024
