Subject: RE: Murphy's Bowl Counts

Hi Chris,

At this point, if we wait much longer we won't be able to incorporate the counts into our study. The last time I was at this intersection, all movements were open. Peter, can we proceed with the counts on October 12 for 5th Century (and next week for the weekday AM/PM counts)?

Thanks,
Mike

Peter informed us that there is still construction on 5th Avenue (see e-mail chain below). Once construction is complete, we will order the counts for 5th/Century.

The count for 104th Street, west of Prairie has been rescheduled for Friday, October 12, 2018. A camera will also be placed as back-up.

-Chris

Subject: RE: Murphy's Bowl Counts

Hi Chris,

We had three counts that were still outstanding:

- 104th Street, west of Prairie Avenue (Friday)
- 5th Avenue & Century Boulevard (weekday/Thursday 7-9 AM and 4-6 PM)
- 5th Avenue & Century Boulevard (weekday/Friday 4-7:30 PM and 9:30-11:30 PM)

We'd like to receive these as soon as possible. For the Thursday counts, it would be great if those could be taken tomorrow, or at the latest next week. For the Friday counts, let's proceed on the 10/12.

Thanks,
Mike

Hi Mike,

Unfortunately, the machine was tampered with. We have rescheduled for Friday, October 12, 2018. We can try this Friday if you need the count sooner but there is a Comedy Show at the Forum. Please let me know.

Thank you,

Chris

Hi Chris,

Did these counts happen last week? Do you have a schedule when the counts will be processed?

Thanks,
Mike

Hi Peter,

The Eagles have a concert this Friday at the Forum. We will get this count scheduled for next Friday, September 21, 2018, when there is no event at the Forum.

Thank you,

Chris

Srinath,

My apologies, as I drove by the other day and didn't inform you.

Construction on 104th west of Prairie is complete. You can proceed on this.

Century @ 5th, is still under construction. So we will need to wait on that.

Dear Peter,

Please let us know if construction is still on-going at these locations. If you want us to drive there and look them up, we can do that, also.

If the intersection is back to normal operations, we can figure out a good date to go back and get counts.

Thanks,

Srinath

Hi Peter,

This is a labeling error. Similar to Friday's ADT counts, location #14 is 106th between Prairie Avenue and Doty Avenue and location #15 is 107th between Prairie Avenue and Doty Avenue. Please find attached the corrected Saturday count sheet for location #15.

Thank you,

Chris

Srinath,

Can you please look into Mike's comment and provide some clarity?

Also I will check to see if constructions is still going on at those locations.

Subject: RE: Murphy's Bowl Counts

Thanks Peter. In addition to the two locations I noted in yesterday's email, the counts that Srinath sent to us also has a labeling error. There are two ADT counts on Saturday labeled as "106th Street, between Prairie Avenue and Doty Avenue" and no count for "107th Street between Prairie Avenue and Doty Avenue". Can you ask him to look into this as well?

Thanks,
Mike

Subject: Murphy's Bowl Counts

Hi Peter,

When we did our initial counts in the spring, we did not receive weekday counts for the intersection of 5th Avenue and Century Boulevard because there was construction (see attached list of counts from Raju and Associates). There was a similar issue for the neighborhood street segment count on 104th Street, west of Prairie Avenue. At the time, I believe you said the City was planning to take counts during the fall at these locations. Is the City still planning to conduct these counts?

Thanks,
Mike
