**The New Downtown Inglewood | TOD Plans**

Welcome to “The New Downtown Inglewood,” the website for the City of Inglewood’s transit-oriented development plans. This project began with the creation of urban plans for the revitalization of Downtown Inglewood and the improvement of the Fairview Heights neighborhood, but now encompasses all the Metro stops within the city of Inglewood. The new stops are the Westchester/Veterans Metro Station on the Crenshaw/LAX Line (opening in 2019) and the existing Crenshaw Station on the Metro Green Line.

The transit-oriented development plans will modify zoning and parking regulations to encourage economically robust, pedestrian-friendly and community-centered development, improve networks for biking and walking, and recommend policies for implementation.

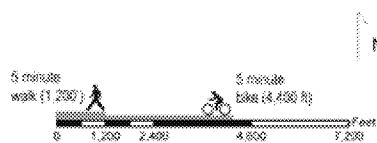

Your participation is necessary for these plans to embody and implement the vision, values, knowledge and ideas of the community for the areas surrounding the transit stations.

CITY OF INGLEWOOD

**TOD Plan Areas**

- City Boundary
- Planned Green Boulevards
- Green Line
- Proposed Transit Link
- Future Crenshaw/LAX Line
- TOD Plan Areas
- Future LAX People Mover
