Subject: Fwd: IBEC: Cumulative list and DRAFT project description

Justin — Can you please send the IBEC Cumulative map to Lisa and Amy? Please do it this morning—I'm tied up in a meeting.

Thanks,
Christina

I am not sure if F&P also has a map of cumulative projects. I will ask for map.

As far as Metroplex, see these links

<https://www.lawa.org/en/lawa-environment/noise-management/lawa-noise-management-lax/faa-southern-california-metroplex-project>

<https://www.culvercity.org/home/showdocument?id=2427>

This should help to describe metroplex locally.

Hi Christina, I've scoured my e-mails and I haven't found the map referenced below. If I missed it I apologize, but if not, can you please send it?

Also, Lisa, I believe you were going to send me a link about the FAA Metroplexes. I found this, and wonder if this is what you thought would be most helpful per our last discussion.

Lisa, on the cumulative project list that Christina attached to the e-mail below, is there an accompanying map showing the location of the cumulative projects? This was from your 9/18/18 memo titled " Related Project List Methodology for the proposed Inglewood Basketball and Entertainment Center (IBEC)."

Thank you, Amy

Amy,

Thanks for taking the time to talk with the team today about the Inglewood Basketball and Entertainment Center (IBEC) project. We're looking forward to working with you. As discussed today, we prepared an Administrative Draft Project Description that will be used in the environmental impact report (EIR). We just sent it out to the City and Applicant teams for review, so please treat the information as preliminary and subject to change. You can access it at these links (links expire in 10 days):

[2.0 Project Description.docx](#) ,
[DRAFT IBEC Project Description Figures.zip](#)

I have attached the Cumulative Project list that we are using for the IBEC EIR. Additionally, Mindy is going to send out the final Exclusive Negotiating Agreement for the project.

Please reach out if you have questions.

Thanks,
Christina
