so out of the 100+ MILLION up there for GNR - did Lizzy want to split that 5 ways after the production &a management crew got paid out? I would've been happy with the merch money...

Damn, what a poor turnout for Volbeat and KSE. Didn't even fill a quarter of the seats.

It's awesome Billy Talent got to open for Guns n Roses. Attendance for their show last night was not the greatest but they still put on a hell of a show. Great live band.

I'd like to know who got tickets to then GNR show in Toronto for \$195 or \$40. I certainly didn't.

100,000 people at The New Meadowlands. That must be quite a sight. A really long sight for those in the cheap seats.

I see what you did there

Has anyone else been to a Prophets of Rage show yet? The attendance at Tinley Park was

horrendous. They really could've upgraded everyone into the pavilion and closed the lawn and still had empty seats.

We went last weekend to see them in St Louis. Seats were full, lawn was half full. There was easily 12,000 people there, I guessing more though. The lawn was actually just as full as it was for Zombie and Korn and there was more people in the lawn that there was for Slipknot.

My buddy said it was a bumpin show here in Jersey. He got tix for like \$20 lawn.

I had free tickets from the lawsuit settlement and about 15 minutes in Prophets we got upgraded to section 101

I knew from the start they way overbooked themselves. I didnt go but I would have liked to. They even gave away like 7 tickets in the Ticketmaster settlement.

Get De La Rocha back and that place will fill
