- Instructions on using this website -

No matter which path you choose, the menu bar remains in the top frame, while all internal links are loaded in this bottom frame. External links are loaded in a new window.

To access a County using the menu above: Click on "**Choose a County**". Scroll down and find the county you wish to visit. Select it and click on the "**Go There**" button to view a county map containing Designated and Eligible Scenic Highways. There are also relevant links, such as the photo album, phone numbers and an e-mail address to insure you find the information you need.

To access a County using the map below: To access the county information by sight rather than by name, use the map below. Click on the county you wish to visit and it will access the same information listed above.
