Louis Atwell	City of Inglewood, Public Works Department
Peter Puglese	City of Inglewood, Public Works Department
Mindy Wilcox	City of Inglewood, Planning Department
Lisa Trifiletti	Trifiletti Consulting, Inc
Perla Solis	Trifiletti Consulting, Inc
Netai Basa	Fehr & Peers
Tom Gaul	Fehr & Peers

**Meeting Min**

**LA County's Comments regarding the Project Site**

1. Areas likely to be affected by traffic are Lennox and possibly West Athens
2. Please keep in mind that the Hawthorne/Lennox Green Line station located in Lennox might be heavily utilized by the public to attend the game.
  - Therefore, there is a potential traffic impact to the surrounding vehicular network as attendees might take Uber/Lyft to the potential project site
3. Lennox Blvd and Hawthorne Blvd are heavily trafficked streets
  - It would be highly encouraged for the Project Team to analyzed intersections along Lennox Blvd and Hawthorne Blvd
  - Traffic crossing Lennox Blvd poses a potential traffic impact
4. Concerns about potential impact to West Athens
  - There is the possibility that game attendees might use West Athens to cut through traffic
5. Potential Impact to Schools along/close to Prairie
  - How many trips will retail generate? If it is about 70- 90 trips, there is potential impact to the school.
6. County is currently working on establishing VMT (Vehicle Miles Traveled) Thresholds (as of 4/12 they have not been developed)

**Additional Questions/Comments**

1. What will the distribution map look like?
2. How far east will the distribution be? Does the map include West Athens?
3. LA County Staff will work with the Project Team to come into an agreement on assumptions and methodology for traffic analysis

**Action Items**

#	Action Items	Lead	Date Open	Date Closed
1	Set up additional coordination meetings with LA County to discuss distribution map and traffic assumptions and methodologies	Trifiletti Consulting/City of Inglewood/ESA	4/12/18	Ongoing
3	LA County to share local organizations in Lennox and West Athens	LA County	4/12/18	Ongoing
