Subject: IBEC Meeting Agenda

Lisa and Catherine,

I see the email Catherine sent with the Forum Traffic Control Plans, but without any context of how this fits into the IBEC meeting scheduled for Monday, August 27. I would like to talk about a meeting agenda. Specifically, I'm not sure we have enough material to justify a four-hour in-person meeting. When we initially talked about setting up a meeting for next Monday, we thought we would have more detailed plans from the applicant team to review in detail. Given our understanding of where the planning work is, an in-depth meeting seems premature.

There's probably a handful of items that we can talk about, and I'm specifically looking for your feedback:

1. Site circulation
2. Forum traffic control plans
3. Legislative update
4. Project objectives
5. Project alternatives
6. Update on information needs
7. Other

I am of the mind that we could accomplish those discussion items with a conference call/WebEx, and not meet in person on Monday. Lisa – I've left you a few voicemails and we are having a hard time connecting. Catherine – I do not seem to have a phone number for you. Please advise.

Thanks,
Christina
