Hi guys – wanted to check in with you and see if you had any progress in getting comments and info requested by ESA. I am happy to support you guys in hunting down the info, and think we should schedule some time to get together to talk about the work load ahead.

I think we should review:

1. Data needs above
2. Contracting for Dave Stone and Amy Herman
3. Transit Meeting re: bus stop relocation
4. Tech meetings this week
5. Review of certification materials and turn around time

Are you guys around tomorrow afternoon to meet live?
