Royce-

Dave Cushing from FAA who has been a long time friend and colleague wanted to get together to go over what records the City has because they are working on pulling their records together. I want to be responsive to him and actually, you and I spoke of going together to meet with him. This call was simply to prep for that meeting. Dan has pulled lots of the information together which includes documents I found too from LAWA and Bettye. He was going to walk us through, and we were hoping to show you what we have to see if it jives with your understanding.

Lisa, Dan and Betty,

This is a litigation issue involving the litigation attorneys and not related to the CEQA matters. As such, I don't think we need to have a call. I will coordinate with the litigation attorneys and contact Betty should we need any FAA information or documents. Thanks for assistance.

Royce

I could do either but think 5 or 5:30 is easier for me too. Royce?

Thanks Lisa. End of day would be better for me if possible, although I could probably make 7:30 work if that's best for everyone else.

Hope you all are having a good weekend.

Hi guys,

I just spoke with Bettye and she is available for a call to discuss the grants on Tuesday. She has a doctor's appointment which will take her out of the office for some time, but she can do either very early in the am which I can do – say around 7:00 or 7:30am (since Bettye gets into the office every day at 6:30 am!) or at the end of the day.

Dan and/or Royce- can you make either work for a call?
