**GRANT DEED AND IRREVOCABLE OFFER OF DEDICATION**

FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, HOLLYWOOD PARK LAND COMPANY, LLC, a Delaware limited liability company ("Grantor"), does hereby GRANT to the CITY OF INGLEWOOD, a municipal corporation ("Grantee"), all of that certain real property in the City of Inglewood, County of Los Angeles, State of California, as more particularly described in Exhibit "A" attached hereto and made a part hereof by this reference (the "Land").

FURTHER, Grantor hereby makes this IRREVOCABLE OFFER OF DEDICATION of that certain real property in the City of Inglewood, County of Los Angeles, State of California, as more particularly described on Exhibit "B" attached hereto and made a part hereof by this reference (the "Prairie Avenue ROW"), an easement for public right-of-way and street purposes.

Such GRANT AND IRREVOCABLE OFFER OF DEDICATION is expressly subject to the encumbrances and other matters of record shown on the attached Exhibit "C", non-delinquent real property taxes, and all matters that would be disclosed by a survey or physical inspection. In addition, the Grantee expressly agrees that any use of the Land must be a permissible use for the Civic Site pursuant to the Hollywood Park Specific Plan (adopted as City of Inglewood Ordinance No. 09-012) (the "Specific Plan") and Section 16.9 of the Development Agreement by and between the City of Inglewood and Hollywood Park Land Company, LLC (adopted by City of Inglewood Ordinance No. 09-14) (the "Development Agreement"); *provided, however*, that notwithstanding anything to the contrary contained in this GRANT DEED AND IRREVOCABLE OFFER OF DEDICATION, the Specific Plan or the Development Agreement, the Grantee acknowledges that the following uses for the Land are not permitted: market-rate housing, retail, commercial or office unless the commercial or office use is accessory to an otherwise permissible civic use as specified in the Specific Plan. The Grantee may also select as a proposed use on the Land, affordable housing or affordable senior housing use of up to 200 residential units, provided that the standards and design are consistent with the Specific Plan.

*Execution Version*

NOTWITHSTANDING anything to the contrary contained herein, Grantor hereby reserves the right for itself, its heirs, successors and/or assigns the following easements in gross and easements appurtenant for the benefit of the property described in Exhibit "D":

1. An easement for the construction, reconstruction, maintenance, alteration, replacement, repair construction, of the necessary cut and fill slope(s) and appurtenances incidental thereto, with the right of ingress and egress to and from the same of Grantor's vehicles and equipment or the vehicles and equipment of Grantor's authorized employees, licensees, contractors, developers, agents (each a "Permitted Party," collectively, the "Permitted Parties"), in, upon, over, under and across strips of land ten feet (10') wide around the north, east and west perimeter of the Land as shown on Exhibit "E" attached hereto, and incorporated herein by this reference (the "Construction and Slope Easement"). This Construction and Slope Easement shall include the right to grade, fill, topsoil seed and to maintain the same for purposes of stabilizing the soil, preventing erosion, or improving the aesthetic aspects of the Land, including but not limited to the planting of landscape and plant material. Grantor and its Permitted Parties shall comply with applicable National Pollution Discharge Elimination System (NPDES) permit requirements when exercising its rights under the Construction and Slope Easement. The Construction and Slope Easement shall remain in full force and effect until such time as the Grantor gives written notice to the Grantee that the Construction and Slope Easement is no longer needed. At such time, the Construction and Slope Easement shall terminate and be of no further force and effect.

2. A non-exclusive easement in, upon, over, under and across the area described as the "Well Site Area" on Exhibit "F" attached hereto, and incorporated herein by this reference, for the purpose of continued maintenance of and access to the Regional Water Quality Control Board Groundwater Monitoring Well on the Land (the "Monitoring Well") to take samples and otherwise use the Monitoring Well for its intended purposes, with the right of ingress and egress to and from the same of Grantor's vehicles and equipment or a Permitted Party's vehicles and equipment during normal business hours (the "Monitoring Well Easement"). Grantor shall operate the Monitoring Well under the jurisdiction of the Regional Water Quality Control Board, and in accordance with the Soil Management Plan approved by the Regional Water Quality Control Board. Upon a determination by the Regional Water Quality Control Board that the required sampling and monitoring of the Monitoring Well is complete and any other related actions that may be required by the Regional Water Quality Control Board of Grantor (including but not limited to the capping of removal of the well), Grantor shall so notify the Grantee, and the Monitoring Well Easement shall automatically terminate and be of no further force and effect.

3. To the extent Grantee (i) has not commenced construction of improvements relative to its chosen use for the Land, or (ii) has commenced construction but is not diligently pursuing completion of said improvements, a non-exclusive easement in, upon, over, under and across the Land and Prairie Avenue ROW, to accommodate any necessary rough grading and construction of required street and other public improvements by Grantor or a Permitted Party with the right of ingress and egress to and from the same for Grantor's vehicles and equipment or the vehicles

and equipment of a Permitted Party, to allow Grantor or a Permitted Party to accomplish rough grading and construction of required street and other public improvements in accordance with any approved grading plan, and to implement the required grading and storm drainage and street and other public improvement measures required in accordance with Vesting Tentative Tract Map No. 69906 (approved by City of Inglewood Resolution No. 09-73) (the "Rough Grading and Street Improvement Easement"). Grantor and its Permitted Parties shall comply with the approved Storm Water Pollution Prevention Plan (SWPPP) when exercising its rights under the Rough Grading and Street Improvement Easement.

Upon completion of the rough grading and construction of required drainage, street and other public improvements on the Land and the Prairie Avenue ROW as applicable, Grantor and the Permitted Parties shall remove all vehicles, heavy equipment, machinery, construction supplies and debris from the Land or Prairie Avenue ROW, respectively, at which time the Rough Grading and Street Improvement Easement shall automatically terminate and be of no further force and effect.

To the extent (a) Grantor has not commenced rough grading and construction of required drainage, street and other public improvements on the Land and the Prairie Avenue ROW, as applicable, prior to the time Grantee has secured a building permit and commenced construction of improvements relative to its chosen use for the Land, and (b) so long as Grantee has commenced and is diligently pursuing completion of said improvements with respect to its chosen use of the Land, the Grantor shall have no right to utilize the Rough Grading and Street Improvement Easement, and upon completion of Grantee's improvements relative to its chosen use for the Land, the Rough Grading and Street Improvement Easement shall automatically terminate and be of no further force and effect. To the extent Grantor has not commenced rough grading and construction of required drainage, street and other public improvements on the Land and the Prairie Avenue ROW, as applicable, prior to the time Grantee has secured a building permit and commenced construction of improvements relative to its chosen use for the Land, to assist the Grantee in construction of its improvements relative to the chosen use for the Land, Grantor hereby grants to Grantee a non-exclusive easement in, upon, over, under and across a strip of land ten feet (10') wide on that portion of the property described in Exhibit D that abuts the southern perimeter of the Land as shown on Exhibit E (the "Grantee Construction and Slope Easement"). The Grantee Construction and Slope Easement shall include the right to grade, fill, topsoil seed and to maintain the same for purposes of stabilizing the soil or preventing erosion. Grantee shall comply with applicable NPDES permit requirements when exercising its rights under the Grantee Construction and Slope Easement. The Grantee Construction and Slope Easement shall remain in full force and effect until such time as Grantee completes construction of the improvements with respect to its chosen use for the Land, at which time the Grantee Construction and Slope Easement shall terminate and be of no further force and effect. In addition, construction activities shall conform to the required grading and storm drainage and street and other public improvement measures required in accordance with Vesting Tentative Tract Map No. 69906 (approved by City of Inglewood Resolution No. 09-73).

4. A temporary, non-exclusive easement in, upon, over, under and across the "Designated Area" (as defined below) together with the right of ingress and egress to and from the same for Grantor's vehicles and equipment or the vehicles and equipment of any Permitted

5

Party, and for the installation, planting, operation, maintenance, repair and replacement of landscaping and landscape improvements, irrigation and irrigation systems, slopes, soil, and other improvements or incidental utilities now or hereafter located on the Designated Areas (including, without limitation, the right to exercise any of the foregoing easement rights in order to ensure compliance with any permits, laws, regulations, and runoff and erosion control measures applicable to the Land and surrounding areas and/or in order to perform any mitigation measures) (the "Landscape Easement"). Grantor shall have the right, but not the obligation to exercise its rights under the Landscape Easement. Whether undertaken by Grantor or Grantee, all designs, materials, planting palettes, landscaping improvements and maintenance standards within the Designated Area shall comply with the Specific Plan. Grantor's rights with respect to the Landscape Easement may be assigned at any time to any homeowners' association or property owners' association having authority over the Land or any real property adjacent or proximate to the Land.

The Landscape Easement shall remain in full force and effect until such time as the Grantee has completed construction of improvements relative to Grantee's chosen use for the Land; *provided, however*, Grantee may give earlier written notice to Grantor that Grantee shall thenceforth assume maintenance responsibility for the Designated Area. At such time, the temporary rights granted under the Landscape Easement shall automatically terminate and be of no further force and effect.

To the extent Grantor has exercised its rights under the Landscape Easement, and Grantee commences construction of improvements relative to Grantee's chosen use for the Land, Grantor's maintenance obligation shall be limited to ordinary maintenance of the Designated Area, and Grantor shall have no obligation to repair or replace landscaping and landscaping improvements that may be damaged by Grantee's construction activities on the Land or other extraordinary causes.

For purposes of this Landscape Easement, except for any areas where structural improvements have been made, the term "Designated Areas" shall mean the thirty foot (30') setback area along the section of Prairie Avenue abutting the Land, and the twenty-five foot (25') setback area along the section of Arbor Vitae Street abutting the Land as shown on Exhibit 2-26 of the Specific Plan.

5. A non-exclusive easement in, upon, over, under and across the portion of the Land as shown on Exhibit "G" attached hereto, and incorporated herein by this reference, for operation and maintenance of an existing pipeline utilized for domestic water purposes and related activities (the "Potable Waterline") together with all appurtenances (the "Potable Waterline Easement" identified on Exhibit "G" as the "20' Domestic Water Maintenance Easement"); a non-exclusive easement in, upon, over, under and across the portion of the Land as shown on Exhibit "H" attached hereto, and incorporated herein by this reference, for an existing pipeline utilized for reclaimed water purposes and related activities (the "Reclaimed Waterline" identified on Exhibit "H" as the "20' Reclaimed Water Maintenance Easement") together with all appurtenances (the "Reclaimed Waterline Easement"); and a non-exclusive easement in, upon, over, under and across the portion of the Land referred to in Item 4 of Exhibit "C" (the "BP Pipeline Easement"), on which is currently located a natural gas pipeline (the "BP Pipeline").

6

Grantor and its Permitted Parties shall have the right at any time upon reasonable notice to enter upon the Land and take actions associated with removal of the Potable Waterline, the Reclaimed Waterline, and the BP Pipeline. To the extent the Potable Waterline Easement, the Reclaimed Waterline Easement or the BP Pipeline Easement, interfere with the Grantee's chosen use for the Land, upon the Grantee's written request to the Grantor, the Grantor or its Permitted Parties, shall enter upon the Land and remove the Potable Waterline, the Reclaimed Waterline, or the BP Pipeline, as applicable, within the later to occur of August 7, 2012, or the date that the Grantee has secured the building permits for use of the Land and is ready to commence construction. If Grantor or its Permitted Parties have not otherwise removed the Potable Waterline, Reclaimed Waterline or BP Pipeline within the aforementioned time frame following the giving of notice by Grantee, then Grantor shall reimburse the Grantee for the costs to remove and relocate the subject water and gas lines. Upon completion of the removal of the Potable Waterline, the Potable Waterline Easement shall automatically terminate and be of no further force and effect. Upon completion of the removal of the BP Pipeline, the Grantor shall use commercially reasonable efforts to secure the quitclaim of the BP Pipeline easement from the holder thereof and deliver it to the Grantee. Upon completion of the removal of the Reclaimed Waterline, the Reclaimed Waterline Easement shall automatically terminate and be of no further force and effect.

6. An easement in, upon, over, under and across that minimum portion of the Land required by approved improvement plans for the construction, reconstruction, installation, inspection, maintenance, operation, alteration, replacement repair of traffic control signals, devices and facilities for the control, direction and regulation of pedestrian and vehicular traffic; together with the necessary outlets, conduits, wires, cables, standards, connections, channels, tunnels, excavation and other appurtenances in, upon, over, under and across the Land in the location required by approved improvement plans (the "Traffic Signal Equipment Easement"). Upon approval of the final improvement plans for the traffic control signals, devices and facilities, Grantor shall record a notice identifying the precise final dimensions of the Traffic Signal Equipment Easement area. The Traffic Signal Equipment Easement shall include the right of ingress and egress to and from the same of Grantor's vehicles and equipment or a Permitted Party's vehicles and equipment. Upon Grantee's acceptance of the traffic signal improvements described herein, the Traffic Signal Equipment Easement shall automatically terminate and be of no further force and effect.

7. A non-exclusive easement in, upon, over, under and across the portion of the Land as shown on Exhibit "I" attached hereto, and incorporated herein by this reference, for maintenance and repair of an existing monument sign (the "Monument Sign") utilized for identifying the current racetrack activities of the Grantor on the property described in Exhibit D, (the "Monument Sign Easement"). The Monument Sign shall be removed as part of the work related to utilization of the Rough Grading and Street Improvement Easement, provided that, to the extent the Monument Sign interferes with the Grantee's chosen use for the Land and Grantor or a Permitted Party have not yet begun rough grading and construction of required street and other public improvements on the Land, then, upon the Grantee's written request to the Grantor, the Grantor or its Permitted Parties, shall enter upon the Land and remove the Monument Sign no later than the date that the Grantee has secured the building permits for construction of improvements relative to Grantee's chosen use of the Land and is ready to commence construction. If Grantor or its Permitted Parties have not otherwise removed the Monument Sign within the

aforementioned time frame following the giving of notice by Grantee, then Grantor shall reimburse the Grantee for the costs to remove the Monument Sign. Upon completion of the removal of the Monument Sign, the Monument Sign Easement shall automatically terminate and be of no further force and effect.

Except as otherwise expressly provided herein, in the case of each of the nine (9) easements reserved herein to Grantor, Grantor shall have the further right to use during construction such areas adjacent to the easement herein granted as may be reasonably necessary for the performance of the work and for access to the work during construction. Grantee shall not erect any building, fence or other structure on said easement, which will in any way interfere with Grantor's rights and operations hereunder. Grantee shall not increase or decrease or permit to be increased or decreased, the now existing ground elevations of said easement without the prior written consent of Grantor. In the event Grantor transfers all or a portion of its interest in the real property described in Exhibit "D," Grantor may also transfer its rights otherwise reserved to Grantor by the easements under this GRANT AND IRREVOCABLE OFFER OF DEDICATION to a designee.

Grantor shall and does hereby agree to indemnify and hold harmless Grantee from any and all damages, loss or liability by reason of injury to property or third person occasioned by its use of the Monitoring Well Easement, the Construction and Slope Easement, the Rough Grading and Street Improvement Easement, the Landscape Easement, the Reclaimed Waterline Easement, the Potable Waterline Easement, the BP Pipeline Easement, the Traffic Signal Equipment Easement and the Monument Sign Easement or act of omission, neglect or wrong doing of Grantor or Permitted Parties with regard to the Monitoring Well Easement, the Construction and Slope Easement, the Rough Grading and Street Improvement Easement, the Landscape Easement, the Reclaimed Waterline Easement, the Potable Waterline Easement, the BP Pipeline Easement, the Traffic Signal Equipment Easement and the Monument Sign Easement. Grantor shall, at its own cost and expense, defend and protect Grantee against such claims and demands.

Any notice to Grantee or Grantor required by this GRANT AND IRREVOCABLE OFFER OF DEDICATION shall be in writing and given by delivering the same to such party in person or by sending the same by registered or certified mail, or express mail, return receipt requested, with postage prepaid, to the party's mailing address. The respective mailing addresses of Grantee and Grantor are, until changed as hereinafter provided, the following:

**EXHIBIT "C"**

**ENCUMBRANCES AND OTHER MATTERS OF RECORD**

- 1. A lien of supplemental taxes, if any, assessed pursuant to the provisions of Chapter 3.5 (Commencing with Section 75) of the Revenue and Taxation Code of the State of California.
- 2. Water rights, claims or title to water, whether or not disclosed by the public records.
- 3. A covenant contained in the Grant Deed dated June 18, 1951 by and between Hollywood Turf Club, a California Corporation as Grantor and Superior Building Company, a copartnership, consisting of Albert Gersten and Myron P. Beck, their heirs and assigns wherein Hollywood Park Turf Club, a California corporation, conveyed lands to various grantees, in which deeds Hollywood Turf Club agrees not to consent to any surface entry by Tidewater Associated Oil Company, for the purpose of mining, extracting, removing or recovering materials from that portion of said land lying Easterly of the following described line:

Beginning at a point in the Northerly line of the Southeast quarter of said Section 34, distant thereon South 89 degrees 59'12" east 1322.40 feet from the Northwest corner of said Southeast quarter of said Section, said point of beginning being the Northwest corner of the East half of said Southeast quarter of said Section; thence along the westerly line of the East one-half of said Southwest one-quarter of said Section, South 0 degrees 2'22" east 2590.40 feet to the northerly line of Century Boulevard, 10 feet wide, one of such deeds recorded June 29, 1951 as Instrument No. 985 in Book 36648, Page 16, Official Records.

- 4. An easement to lay, construct, maintain, operate, repair, renew, from time to time, change the size of (but not to increase such size beyond 12 inches in diameter), and remove a pipeline for transportation of gas and incidental purposes in the document recorded March 19, 1948 as Instrument No. 2340, in Book 26745, Page 81, of Official Records.
- 5. Matters contained in that certain document entitled "Merged Inglewood Redevelopment Project Statement" dated June 26, 2007, recorded August 1, 2007 as Instrument No. 20071823536, of Official Records, and recorded August 6, 2009 as Instrument No. 20091207392 of Official Records.
- 6. Matters contained in that certain document entitled "Development Agreement" dated August 7, 2009, executed by and between City of Inglewood, a municipal corporation and Hollywood Park Land Company, LLC recorded September 10, 2009 as Instrument No. 20091387150, of Official Records.

**CERTIFICATE OF ACCEPTANCE**

(PURSUANT TO CA. GOVT CODE SECTION 27281)

This is to certify that the interest in the Land (described in Exhibit "A") conveyed by the GRANT DEED AND IRREVOCABLE OFFER OF DEDICATION dated January 20, 2010 from Hollywood Park Land Company, LLC, a Delaware limited liability company (the "Grantor"), to the City of Inglewood, a municipal corporation (the "Grantee"), is hereby accepted by order of the Inglewood City Council on January 26, 2010 (or by the undersigned officer or agent on behalf of the Inglewood City Council pursuant to authority conferred by resolution of the Inglewood City Council adopted on N/A), and the Grantee consents to recordation thereof by its duly authorized officer.

Dated: 3/19/10 By: Ralph L. Zinke

State of California )

County of Los Angeles)

On 3-19-10 before me, Tunisia Johnson, a Notary Public, personally appeared Ralph Franklin who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) ~~is/are~~ subscribed to the within instrument and acknowledged to me that ~~he/she/they~~ executed the same in ~~his/her/their~~ authorized capacity(ies), and that by ~~his/her/their~~ signature(s) on the instrument the person(s), or the entity upon behalf of which the person(s) acted, executed the instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.

Signature Tunisia Johnson
