Hi Dennis,

Thanks for providing this information. We'll take a look and let you know if we have any questions.

At the meeting on Monday, you also mentioned you would have staffing arrival and departure information by today. Are you still expecting to deliver that data soon?

Thanks,  
Mike

Hello, all:

Attached for your review are a summary description of the on-site parking provided in the structured and surface lots prepared by AECOM, including graphics of the floorplans, along with a graphic showing the location of bicycle and EV parking, and detailed drawings of the ground level of each parking area.
