Mindy,

Cancelling makes sense, and I just sent out that notification. What are they doing to the site plan? We have not seen anything beyond what was discussed when we met at the AECOM offices. Any insight would be helpful.

Thanks,  
Christina

I agree that we should keep the 11am call but cancel the afternoon. Christina and Brian, one thing I want to discuss on Monday is how the site plan reconfiguration/non-finalization of site access plan impacts the timeline. We need to communicate any anticipated delay to the applicant, after we discuss. Thanks!

Respectfully,

Lisa,

I think a check-in call makes sense, even if it's brief. Keep the 11:00 am call, cancel the 1:00 pm call? No need for a face-to-face meeting if there is not significant substantive information to share.

Thanks,  
Christina

I have reached out to Loren and Dennis to find out if they have anything new to share and waiting for a response, but at this point I still do not see a need for another workshop without an updated site plan. Do you guys believe we need to get together in person or should we just do a check-in call?
