Lisa,

I think a check-in call makes sense, even if it's brief. Keep the 11:00 am call, cancel the 1:00 pm call? No need for a face-to-face meeting if there is not significant substantive information to share.

Thanks,
Christina

I have reached out to Loren and Dennis to find out if they have anything new to share and waiting for a response, but at this point I still do not see a need for another workshop without an updated site plan. Do you guys believe we need to get together in person or should we just do a check-in call?
