Hi Everyone,

Understanding that the survey questions will likely change, I just wanted to share one comment on the current question #7. I think it should read as follows so that it's clear we're asking about driving for a Clipper's game:

If you drive to Staples Center for a Clippers game, how many other people are typically in the car with you?

Christina, Brian, Lisa –

Thanks for a good conversation in preparation for tomorrow's 4:30 call. The attached file has screenshots of the on-line survey instrument. It's intended to obtain information directly from fans on their travel behavior before and after games, such as where they depart from, how they travel, and when they arrive and depart relative to the game itself. Tomorrow we'll coordinate further on specific talking points.
