Subject: Clippers concern

My name is Rosa Bordenave, I'm a resident of Inglewood since 2007. I love the small city vibe of the city. By adding another arena we will see more traffic, smog pollution, and all the other factors that come with a sports arena. High rents are already an issue as is lack of parking for some residents. We are ok without a basketball arena.
Thank you for taking my concerns into consideration.
Rosa Bordenave
