Christina

Based on Lisa's discussions with Girard and the City, the project name should be "Inglewood Basketball and Entertainment Center (Proposed Project)." The term Proposed Project should refer to the entirety of the project (arena, practice facility, medical facility, retail, parking, plaza, etc.). When we refer to the building, it is "the arena."

I'll give you a call to discuss.

Talk to the mayor and talk to Gerard about the name. Gerard is checking. See below

Upon completion of the Proposed Project, all LA Clippers home basketball games would be played at the proposed arena. It is expected that the LA Clippers would host games approximately as follows: two to five preseason games in October; 41 regular season games from October to mid-April; and up to a maximum of 16 playoff games from April to June. Other events such as concerts, family shows, conventions and corporate or civic events, and non-LA Clippers sporting events would take place in the proposed arena throughout the year, **with attendance ranging from small events of approximately 300-2,000 attendees to full arena capacity.** Other similar facilities host 100-150 of these types of events per year.
