The language will be in the May 22 submittal and I assume we will review and finalize with the team in our Bundle 5b meeting, likely via Webex on May 4. I think we can assume it will be done by the end of that week (May 7).

Sara and Addie,

When do you expect to have draft language that we can review with the internal team?

Hello,

Attached are meeting minutes from the third consultation with the Gabrieleno Band of Mission Indias – Kitzh Nation on May 16, 2019. Please review and provide comments.

Also, we need to schedule the fourth consultation to review final mitigation language but before I start coordinating schedules, how much time is necessary to update the mitigation measures? In other words, what weeks in May/June should I aim to schedule the call?

Thanks,

Subject: Cultural Mitigation - For Internal Review

Hi Mindy,

Please see attached draft mitigation measure for cultural resources. This reflects prior comments and team discussion from our 4/26 review meeting (it's in track for your reference). As we discussed, you can use this to lead the discussion with the Tribe at our next AB 52 meeting. Please reach out to myself or Sara if you have any questions about the measure or our approach.

Thank you!
