Attachments: BID2 #CB-17-08 -New Well 7 Drilling Equipping - Bid Table.pdf; BID1 #CB-17-07 -New Well 7 Site Improvements - Bid Table.pdf

Hi Mr. Holmquist:

Per our meeting today, the works to be done by each contractor on a new well:

1) General Contractor (Contractor License A):

BID1 #CB-17-07 -New Well 7 Site Improvements - Bid Table.pdf

2) Well Driller (Contractor License C57 well drilling required):

Also you will need the hydrogeologist Consultant (Richard C. Slade Associates) during the construction; they will help during the construction and determine the final well design. They will give you all required reports (Well Construction report, Well Completion reports, DWSAP, etc.) to be submitted and filed with State Water Resources Control Board-Department of Drinking Water (SWRCB-DDW), which assign final well ID.

For Your Reference/Information Only.

Sincerely,

Thomas C. Lee, Associate Engineer, P.E. & M.S.
