Good Morning Mindy,

Proposed relocation of well #6 (will be renamed well #8) for your reference.

Let me know if the proposed site is acceptable. Thereafter, we will have further discussion with the consultants.

Barmeshwar,

We are working on a Preliminary Design Report for Murphy's Bowl for the destruction of Well 6 and the construction of Well 8. Attached is a map showing a possible location for Well 8 as it relates to property lines. In order to maintain control of the surrounding 50' of property around the well, we have located it in the middle of the City's lot 35.

Please take a look at this proposed location and let me know your thoughts.

Thanks
