Hi Fred,

From our EIR technical call today, I need you to pull the following together by the dates indicated:

**Sensitive Light Receptors**

Can you please take a look at the TSA MND and TOD EIR to see what sensitive lighting receptors were identified. Need to identify any by end of Wednesday, 5/2. This information will be used to identify sensitive lighting receptors for the Clipper's Arena. Thanks.

**Entitlement List**

Today, please provide me with a copy of the proposed entitlement list, that you previously prepared. We will circulate internally within the City and then among consultants.

**Public Services Contact List**

Please prepare a draft list of contacts for each 'Public Service' identified in the public service impact section of the CEQA checklist. Please prepare a draft for my review by end of Wednesday, 5/2. Thanks.

Thanks!

Respectfully,
