Mindy/Lisa,

I have been pouring over Chapter 3, and want to ask for clarification on one item. I have seen us list the 4 acre civic use in the HPSP as both part of the Adjusted Baseline projects, and it has been included on the cumulative list. Unless there are two 4 acre civic use sites, it needs to be in one or the other. I think that the proper location is in the Adjusted Baseline projects, but can you please clarify the timing of development of that site so that we can put it properly in one or the other list?

Thanks.

Brian
