With the schedule for delivery of the Transportation section to ESA being next Monday, I've asked Tom to be available to give us a brief overview of key conclusions that are emerging from the analysis. I am extending this invite to a limited list, but the City and larger team should feel OK forwarding to others as you see fit. Note that we (ESA and F&P) are completely nose down getting chapters written and revised, so we need to limit this to a 1 hour timeframe.

Let me know if you have any questions.

Brian
