Hi Art,

Can you please pull the files for 10318 S. Prairie. Thanks.

Good day Eddy,

Thanks for clarification regarding the structural alterations request regarding the building permit records, however I did start collecting data for the structural alterations for 102<sup>nd</sup> Street (some additional information if needed). The task is complete. Please advise on the next steps and if additional information is needed. Thanks

If building is comfortable with you borrowing the jackets, please obtain from them and identify new construction since the given date. Thanks.

Subject: FW: International Business Park Building Information

Good day Mindy,

Unfortunately, Building Safety (Ali and Mandhir) are hesitant to proceed with my request per the email response I received today. I suggest that upper management (Senior Planner; Planning Manager) discuss the planning request with the Building Official in order to receive the requested information in a timely manner. Thanks

Hi Arturo,

I have all permits jackets for said addresses pulled out of file cabinets, but I was also informed by Mandhir that whoever requested these documents must first fill out public documents requested forms at City Clerk's office, then come and review them in our office.

Sincerely,

Good day Ali,

Per our discussion a week or so ago. Do you have any update for me regarding the requested information regarding all projects (issuance of building permit) for all new buildings and building modifications that have occurred in the International Business Park Specific Plan area since December 1993 to present. Please advise. Thanks
