Subject: Murphy's bowl

Hello, Mindy

I heard that is a fact the building of the new clippers stadium, my mother owns her home 103 and I want to know how she's going to be affected by that. She's been living there for over 25 years, is she's going to be force to sell? How the city or the people building this are going to help, if so, all of these people, and by what date they are expected to leave?

Thank you in advance
