Ms. Wilcox, good afternoon.

I'm writing to confirm that the map below still correctly shows the properties that will be part of the Clippers' new basketball arena project. I ask on behalf of the family that owns the light industrial project at the south-west corner of Century and Doty, extending south to 102nd Street.

Is there any chance their property will be taken by eminent domain and added to the project? We have not received any notice to this effect but the recent article in the LA Times prompted me to inquire.

Thank you.
