**Subject:** Request for Recent Daily Traffic Volumes on Prairie, Manchester and Century

Peter –

The air quality analyst has asked for existing daily traffic volume data for Prairie, Manchester, and Century.

I sent her the 24-hour counts we have for Century w/o Crenshaw and Crenshaw n/o Imperial (both taken on Tuesday 3/16/17); and for Prairie between Century and 102<sup>nd</sup> Street and Century between Prairie and Doty (both taken on Saturday 3/17/18). If you have any other recent 24-hour counts for those three arterials please send them to us and we'll forward them to her. Thank you.

-Netai
