Subject: Murphy's Bowl: Follow Up on Request for Attendance Data/Estimates for Forum Events (ref. 3002)

Peter –

Were you able to obtain the actual or estimated attendance at the Forum on Friday 11/2 and Saturday 11/3? If you can provide that in the next week or so, that would be helpful.

Also, please confirm the number of parking spaces that the Forum has on-site. The 2015 “Transportation and Parking Plan” prepared for the Stadium Alternative stated that it has “approximately 3,500 parking spaces on its site,” and goes on to describe the practice of accommodating overflow parking on the northern area of the former Hollywood Park site. 3,500 spaces is the capacity we’ve been using. If you have different or more specific information, please share that with us. Thanks!

Peter -

Additional traffic counts are being collected tonight and tomorrow night, so the dates for which we request attendance data at the Forum are Friday 11/2/18 and Saturday 11/3/18. The Forum’s website shows that there is no event tomorrow evening, but if you have other information please advise. This is very much appreciated.

Subject: Murphy's Bowl: Request for Attendance Data/Estimates for Forum Events (ref. 3002)

Peter –

We may be collecting some additional traffic counts this coming Friday and Saturday. When the counts are taken, it will be helpful to us to have the estimated attendance at the Forum. The Forum's website shows that there's no event planned for Saturday, 11/3, but that Ozuna will be performing there on Friday, 11/2. We'll be in touch with any specific dates once confirmed, but I'm mentioning this now since you'd indicated in the past that you may be able to get attendance data/estimates.
