What it be possible for the team to do 230? I happen to be in a meeting with Amy Forbes on a totally different matter at 1:30. Would like to be able to join.

Team – Can we please set up a call to discuss the HPSP and the cumulative conditions analyzed for IBEC? I believe I’ve copied the right people on this email – this should be a nuts and bolts discussion that drills down into the numbers. Please indicate your availability below, and I will set up the call.
