Thank you, Mr. Uwal. Based on an estimated 250 operating days per year, the trolley carries an average of 39 passengers per day. This is helpful, and I very much appreciate your prompt and thorough replies. If necessary I'll be in touch again as we continue with the study.

Sorry, I forgot one item:

- It runs every hour. So it makes six loops a day.

Thank you, Mindy.

Good afternoon, Mr. Uwal.

This message follows up on a voicemail message that I left for you last week. We're gathering data for use in the ongoing EIR transportation impact analysis for the proposed Inglewood Basketball and Entertainment project. We ask for

- a map showing the current route of the I-Line Trolley
- a map or list of the stops
- hours of service (confirm that it operates 10 AM to Noon and 1:00 PM to 5:00 PM on weekdays only)
- frequency of service
- available ridership data (average daily boardings, average boardings/alightings by stop)
- capacity of shuttles used.

At this time, the information I have is limited to what's given at the bottom of page 13 a recent Community Information Guide.

Contact me with any questions or comments about this, or with the information requested. Thank you!

Hi Thomas,

Our office is working with Netai Basu of Fehr and Peers on a project in the City and he is looking to get some information on the I-line from your office. I've copied him here so he can let you know what he needs. Thanks for your assistance with this!
