Subject: IBEC: Employee zip codes
Attachments: LA Clippers Employee Zip data 4.27.18.xlsx

Hi, Brian,

As a companion to the 2017-17 ticket data, we also have the attached list of employee zip codes. The spreadsheet includes data for all employees (FT + PT), as well as tabs for full-time and part-time employees.

As shown in the attached spreadsheet, the Clippers have approximately 154 full-time employees, which includes both basketball operations (players, coaches, staff and similar) and business operations. In addition, the Clippers have approximately 410 active part-time employees; approximately 100 of those employees work on any given work day, with an additional 120 employees on game days.

The info in the attached includes the number of employees in each zip code, but excludes those employees whose address is out of state or outside the greater Los Angeles area.

Please let me know if you have any questions.

Thanks,
Dennis
