Hi Mindy,

These are the service letters I referred to on the phone today. It would be great if you could follow up with the service providers listed and request the information we are seeking for the EIR. Each letter is pretty self-contained and describes the information we need. Public Services is in ADEIR Round 1, so it would be great to get this information asap (in the next week or so?). Please let me know if you have questions.

Thanks,
Christina

Mindy,

Could you please email the attached letters to the correct people? Email addresses and cc's are included in the letter block at the beginning of each file. We think there will be a better response rate if the email comes from someone within the City, rather than an outside consultant. If you could, please email them out today so folks have adequate time to response (we requested responses by September 10). Please let me know if you have any questions.

Thanks,
Christina
