Mindy,

Could you please email the attached letters to the correct people? Email addresses and cc's are included in the letter block at the beginning of each file. We think there will be a better response rate if the email comes from someone within the City, rather than an outside consultant. If you could, please email them out today so folks have adequate time to response (we requested responses by September 10). Please let me know if you have any questions.

Thanks,
Christina

Christina Erwin
