Subject: Media Request-EIR Clippers

Good morning, Ms. Wilcox.

My name is Dennis Freeman. I am a writer for the Los Angeles Wave newspaper. I have taken a look at the environmental report for the proposed basketball arena to house the Los Angeles Clippers.

I am working on story around the EIR, and had a couple of questions to pose to you about the project.

- 1-What is the purpose of the EIR?
- 2-How many parking spaces or how much space would be allotted for parking?
- 3-Should everything go right with the environmental impact, when do you think that construction will begin on the site and how long before its completion?
- 4-What would the potential impact economically be of having a football stadium and basketball arena?
- 5-What are the main concerns when producing a report such as EIR?

Thanks, Dennis
