Hi Fred,

Thanks for the clarification regarding the project service area. I was overthinking/overwriting.

Please take a look at my response to Question #5. It's my understanding the City's current parkland standard is still one acre per 1,000 residents, as stated in the Open Space Element and that the 3 acres per thousand is specific to Quimby related to residential. If that is not the case, let me know and I will modify my response to Q5.

Sabrina

Subject: Parks & Recreation Department - IBEC Services

Sabrina,

The team working on the proposed Inglewood Basketball and Entertainment Center is requesting assistance from the Parks & Recreation Department to address potential impacts on parks and recreation services and facilities. (See attached letter)

We were in hopes of receiving this information by September 10th to maintain the project timeline. Your assistance is greatly appreciated to expedite the responses necessary to proceed with analysis.

Please let me know if there is someone within Parks & Recreation Department that I should specifically contact. I can be reached at 310.499.3338.

You may also be contacted by Catherine Aguilar with Trifiletti Consulting.

Best,
Fred
